Got Something You Want to Sell?

Most people have a piece of furniture, a farm implement, or something else which they have discarded and which they no longer want.

These things are put in the attic, or stored away in the barn, or left lying about, getting of less and less value each year.

WHY NOT SELL THEM?

Somebody wants those very things which have become of no use to you. Why not try to find that somebody by putting a want advertisement in THIS NEWSPAPER?

That's the first step to untold misery—indigestion, foul gases, bad breath, yellow skin, mental fears, everything that is horrible and nauseating. A Cascaret to-night will give your constipated bowels a thorough cleansing and straighten you out by morning.
